Why is the land so important to Cassie's family? It takes the events of one turbulent year--the year of the night riders and the burnings, the year a white girl humiliates Cassie in public simply because she is black--to show Cassie that having a place of their own is the Logan family's lifeblood. It is the land that gives the Logans their courage and pride, for no matter how others may degrade them, the Logans possess something no one can take away.

This searing and inspiring prequel to ROLL OF THUNDER, HEAR MY CRY is the story of Cassie Logan's grandfather. Paul-Edward is the son of a white father and a half-black, half-Indian mother. His father raises him almost as if he were white, but when it counts, he's treated as a black man with racist spite and hatred. He cannot fit into either the black world or the white world. The one thing that Paul-Edward loves is the land, and he spends the rest of his life trying to own land of his own. He takes on a variety of jobs, and is brutally cheated and mistreated by his white employers, but he eventually succeeds, at great personal and financial cost, in owning his own patch of land.

His neighbor Stacey Logan and Stacey's brothers and sister are there to see their grandmother off on a trip. Jeremy's friend Josias Williams is taking the bus to his new job. But Josias and the Logans are black, and in Mississippi in the 1930s, black people can't ride the bus if that means there won't be enough room for white people to ride. When several white passengers arrive at the last minute, the driver sends Josias and Stacey's grandmother off the bus. Then comes a terrifying moment that unites all the townspeople in a nightmare that will change their lives forever.
