Where to buy It1/t56 pressure plate bolts (GM #10079898)

If you've found this page through a search engine, then you are probably pulling your hair out by now trying to find these bolts. Unfortunately, the only place it seems these are available anymore is at junkyards - and when it comes to important b... Visit URL to read full post!

Review: Kindle 2

I absolutely love books. My shelves are overflowing with them and I have an irrational desire to buy more at a rate considerably faster than what I can finish them at. So with this obsession of mine, it would probably seem like blasphemy to buy, le... Visit URL to read full post!

Science vs Religion

Science frees the mind of man and flies him to the moon. Religion blinds man into obedience and flies him into buildings.... Visit URL to read full post!

A little something regarding Joe Wilson and his place in the House Of Representatives

The U.S. House of Representatives: Thanks to public support, we are able to offer people with down syndrome like Joe Wilson a place to feel important, where they can blissfully forget that they are actually retarded. click to view full image I a... Visit URL to read full post!

Things only a Republican could believe

Is there any other group of people that think as ass-backwards and are as immune to logic as modern Republicans? Here is a list of ironic, hypocritical, and just plain retarded examples of how Republicans think. Parents who don't want their chil... Visit URL to read full post!
